PRESIDENT

Hello everyone, hoping all of you are enjoying this beautiful weather we are having. I am having someone come out and check into clearing the brambles from my yard....again. I always have great ideas.....but am NOT a dirt digger so it ends pretty quickly.

Thank you 🧐 Monica, for your motorcycle gnome class! Excellent fun! The ornament size is FUN....making Seahawk ones right now..or trying. Lol

With having a year off, I have forgotten a lot. Remember, if you wait until the day of the class to pay, there is a \$3.00 additional charge. This was decided in 2019.. And my mind totally forgot. Signing up early allows the Teachers to prep for the right amount of students as well as giving the VP a chance to paint and enjoy the class along with the rest of us!

It is my "wish" for those of you who have a fun painting project that you would like to TEACH NEXT YEAR to bring it to our September and October meetings for review by the Chapter members. You do not have to be a 'professional' teacher. You do need to be able to give us basic basecoat instructions, color lists, patterns then walk us through the class. Personally, I would LOVE for some of you wonderful painters to step forward and share your projects and talents. I love taking the classes, and would truly enjoy (though I also enjoy and love those who always step up) different ideas, projects and techniques.

Since I am 'wishing' ... Would one of you wonderful ladies, say YES and be our Nominating Chair this year? Easy job. Just involves finding out who is willing to stay on the Board and who is willing to step up and take a position. Basically involves about 20 phone calls. **Easy Job!.. Huge Help** We want to keep our chapter up and running smoothly. After the year of Covid, and all the after effects, it has been hard on all of us. But let's get back to Happy Painting!!!

Thank you for making my 'Wishes' come true.... Helen
