PRESIDENT

Hello My Friends!

It is hard to believe we are already starting another great year painting together. We will have many opportunities to laugh, visit with friends and bond together learning as we go. Hopefully our chapter will be growing and we will share our love for painting with each other throughout the coming year.

After much thought, we have come up with a plan to be together. As Cyndy will explain between Zoom and in person we WILL have some fun and great opportunities.

Please remember our friends who are going through difficult times and lift them up. We are more than just friends we are more like a family. We will get each other through the hard times and always find a way to make each other smile.

Ready your paint brushes for some fun little projectshope to see you all in person by Spring.

Helen

I hope everyone is staying safe and healthy!! I miss seeing you!! Until we can meet in person again, we have a few creative ideas to keep our paint brushes movin' along!!

Beginning in February, we will have our Paint-Ins available via Zoom. Rubens Insurance has graciously gifted us with Zoom access for the year (thank you Monica!) This will be a super-easy process...even for the technologically challenged, such as myself (insert smiley face).

As restrictions ease up, we will move to a hybrid meeting...in person for those that are comfortable in that setting, and via Zoom for those that need or wish to stay distanced for a while longer....it will also give our members that live some distance away the opportunity to still participate and connect with us (Cyndy Abramson, Kim Falk, Georgia, Jane Smith, I'm talkin' 'bout you....).

First up: The February class will be a FREE class, taught by yours truly :) It is a cute little pin/ornament pattern by our own Georgia Magarrell based on the "masked painter" SDP patch in last month's newsletter. The class will be on SUNDAY, February 7th at 1pm. The date change is to allow those of our members signed up for the Becky Albeke seminar on the 6th to be with us too. The surface for this (and the March class too) are being provided FREE of charge by ScruffyBrush Studios. (More later on how the surfaces will get to you....) The pattern and directions are in the newsletter and Monica will provide a link to the Zoom class. Class starts promptly at 1pm, but I encourage everyone to sign in a bit earlier so you can do a sound and video check.

Second class: Our March class will be a cute little Santa paintbrush pin/ornament taught by Monica. The cost for this class will be \$5 (cash or check) or \$6 (credit/debit/paypal). Payment MUST be received by 4pm March 5th so we can email the pattern and Zoom link.

Surfaces: I will be distributing the surfaces to all the members on the eastside (Seattle/Tacoma, etc) and Monica on the Peninsula side. I will email those on my "list" and arrange drop-off/pick-up or mailing if necessary. I work M-F 8 to 4 so will be night or weekend times most likely...unless you want a visit from my daughter and the 2yo demon child, lol.

Beyond that, things are still fluid....we have classes from last year we can reschedule depending on interest, and a few new ones have been submitted. As always, I want to here from all of you about what kind of classes you want.....acrylics, watercolor, mixed media, colored pencils?? Easy, advanced, whimsical, florals, landscape, primitive?? A particular artist or surface??

And last...our brown bag exchange from 2020. Am still thinking on ideas....such as everyone open what they painted at the March Zoom meeting so the recipient can see, just waiting til we meet again, a parking lot meet-up.....would love to hear your thoughts about this.....

Whew....I think that is everything.....

All is good with Sunshine.. We did send a card to Kim Falk as her husband underwent a second knee surgery...

Keep on Keeping Well!

Georgia

Hi everyone , Well I have not really been painting or sewing much! But I have gotten myself motivated again so I started a small family quilt, it's pictures of my Grand parents and parents Johnny's Grand parents and parents us and our kids and grandkids it is turning out good. I also started to work on some ornaments that I had started and hope to get those finished. I also started to walk at the mall again with my 2 friends, wearing a mask is a little hard but the exercise and the socializing has been very good mentally. I long for the day when I can see my kids and Grandkids, I got a quick visit with my daughter and her family on veterans day after I had a melt down, we met in Ellensberg for a masked up 3 hour visit it was not nearly long enough but better then nothing. I am waiting anxiously to get the vaccine. I hope we as a club will be able to meet some time soon? I hope all of you are doing ok and have been able to pass this time with much hope for the future. I have talked to a few of you but boy do I miss the rest of you. Take care and I pray it will not be much longer until we meet again.

FREE CLASS FROM SDP!!

I have already registered a class for us with SDP!

I will be teaching this design donated to us by Tracy Moreau!

Once I know how many would like to join in on the fun, we will set a date and time in March!

Because this is offered free from SDP, you must be a current member of SDP to attend.

If you are interested in this class please email Georgia for more details and free epacket!

THE 2020 SURVIVAL PATCH PIN

A GREAT CHAPTER PROJECT—COLOR PHOTO ON FIRST PAGE

HISTORY:

The pin represents a patch that was sent to all SDP Chapters for their Survival of the Covid-19-year 2020. The Design was given to us by Mary Davidson, a Non-SDP member but an Artist in her own right. This patch was sent to all SDP Chapter Presidents to place on their chapter flags. So here, Tugboat Tolars is taking this one step further and being the first Chapter to make this a Chapter project and making pins for themselves.

TIPS:

In the painting of this pin, I found it to be so tiny that I used only three brushes. My **#12 Flat** brush to base the background white, my **#1 liner** to base everything else and flatten out where needed, and my **#2 angle brush** to shade. I dried off the liner to make it also my dry brush. Put wood filler in the hole if you want to use this as a pin (I forgot to do this).

I centered a small glass over the wood piece to draw my circle border, which helped a lot.

I also cut out a small circle of dark graphite and taped to my line drawing. This way it was out of the way and I used a colored pen to draw on it. (It works)

The rest is plain fun!!

INSTRUCTIONS:

Surface: 3" Round wood disc

DecoArt Americana Acrylics:

Burnt Umber

Golden Straw

Lavender

Red Alert

Slate Grey

White

Winter Blue

Grape Juice

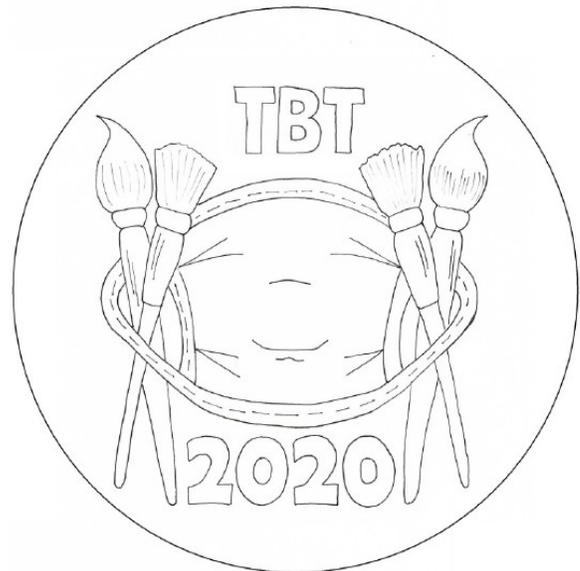

Neutral Grey

Royal Fuchsia

Sweet Mint

Wild Orchid

Dazzling Metallics White Pearl

Brushes

#12 flat, #1 liner, #2 angle

Supplies:

Extreme Sheen Lavender Frost

Sealer, Palette, paper towel, water bowl, Dark graphite paper, stylus or fine pen, IDENTI PEN.

Sand and Seal round disc

Base Disc with two coats of White, drying in between.

Apply Pattern

BASE the following:

LAVENDER-Two outside brush handles (Not Ferrule), all numbers and letters and the outer circle and edges of the disc.

SLATE GREY – Two inside brushes with ferrule and the ferrule on the two outside brushes. Water this to inky and go over the face mask markings lightly.

WHITE PEARL – Base the binding on the face mask

BURNT UMBER – Bristles on the paint brushes, stroke $\frac{3}{4}$ up from the bottom (irregular strokes)

SHADE:

Grape Juice - Shade both sides of each lavender brush handle, under the ferrule and in the triangles on the lavender brush where both brushes cross over each other. Shade the letters where needed (Letters may be differ with different chapters) and shade the year 2020.

Neutral Grey – Shade on both sides of the grey brush handles, under the ferrule of the grey brush handles, below the brown brush bristles on all ferrules and above and below the mask binding on the grey brush handles.

COLOR THE BRISTLE TIPS FROM LEFT TO RIGHT:

Stroke in Sweet Mint down to the Burnt umber. Re-stroke BU up thru the color

Stroke in Red Alert to the BU. Re-stroke BU up thru the color

Stroke in Fuchsia to the BU. Re-stroke BU up thru the color

Stroke in Golden Straw to the BU. Re-stroke BU up thru the color

To all but the Red, add a Tch of white to the color and tip the ends for highlight.

HIGHLIGHT:

Drybrush Wild Orchid up thru the center of the Lavender brush handles and the letters and numbers.

Drybrush a Tch on the cheeks of the mask

Drybrush Winter Blue up thru the center of the Grey Brushes and all ferrules

Add Tch of white to above colors and re-highlight to make brighter! (Remember this second highlight is smaller in size)

Final, Outline everything with Identi Pen including stitches in the face mask and the face, letters and numbers.

I painted the outer circle with Lavender then topped with Lavender Frost (optional)

Varnish.....
