And your usual supplies

Both Sizes are painted on clip Boards from the Dollar Store. Put yours on what ever you want.

Background Preparation:

I have given you a choice between two sizes. (see pictures 1 & 2) Whichever size you pick the background is the same. You will just paint the edges a color of your choice after pattern is in place.

Mix 2/3 Grape Juice to 1/3 Graphite to make a dark purple (or a dark purple of your choice). Start with this mix at the bottom, work into Violet Haze and then into Wisteria as you get to the top. Brush mix these colors into each other while they are still wet. I use a 3/4 large oval brush to slip slap the colors. I find it much easier to blend without the square edges.

After it is completely dry put on pattern.

Ribbon - Basecoat the ribbon several times with Warm White for a good coverage.

Left side pencil is base Marigold

Middle pencil Golden Straw the original color was Camel (discontinued). If you have camel you can use it the high light and shading colors are the same for both colors.

Right side pencil is based Honey Brown
